Arena & Sports Venue

Who is LED Supply Co.?

Founded in 2009 in Denver, Colorado, LED Supply Co. LLC is a wholesale distributor of energy efficient lighting technologies and controls. We specialize in LED lighting solutions for all interior and exterior commercial and industrial lighting applications. We strive to provide the highest level in customer service while offering all of our products at competitive prices.

Benefits of LED Lighting:

- Extremely Efficient – 80% more efficient than traditional lighting
- Long Life Expectancy – from 50,000 hours up to 260,000 hours
- Low Heat Output – save on HVAC costs
- Eliminate Maintenance – no more costly service contracts
- Save Money – significantly reduce your energy bill
- Environmentally Friendly – LEDs contain no heavy metals like mercury
- Quality Light – LEDs can have a Color Rendering Index (CRI) as high as 98

Rebate Application Assistance

We make it a priority when recommending lighting fixtures to take full advantage of utility rebate opportunities in order to make sure we are maximizing the total amount of rebate money available to our clients. In many cases the rebates can cover up to 50% of project costs.

Committed to Exceptional Customer Service

Our services include:
LED Fixture Recommendation, Bid Development,
LED Lighting Layout & Design, CAD,
ROI Calculations, LED Rebate Application
Assistance, and Epect 179d qualification.

Providing the Best Lighting Products on the Market

As a distributor, we are not married to any one manufacturer, giving us the ability to recommend the most appropriate, cost effective fixtures for each individual project.
